## EXPERIENCE

**SYNCINTERNS | WEB-DEVELOPER**

Remote | May 2023 – June 2023

Using HTML, CSS, and Javascript, I finished a one-month internship with SYNC interns. I've worked on numerous applications for this internship, including an e-learning website, a quiz, a music application, and product landing pages. Additionally, my LinkedIn and Github pages have links to all of my project resources. This allows me a hands-on experience as well as practical knowledge that I can use in the real world.

## PROJECTS / OPEN-SOURCE

**ROCK-PAPER-SCISSORS | [LINK](#)**

JavaScript, HTML, CSS

Rock, paper, scissors is a hand game usually played between two people, where each player simultaneously forms one of three shapes with an outstretched hand: rock (a fist), paper (an open hand), or scissors (a fist with the index and middle fingers extended, forming a V). The game has simple rules: rock crushes scissors, scissors cuts paper, and paper covers rock.

**FOOD\_MUNCH | [LINK](#)**

HTML, CSS, Bootstrap

A food website built with Bootstrap can be a visually appealing and user-friendly platform showcasing various cuisines, recipes, restaurants, and culinary tips. Leveraging Bootstrap's responsive design, the website can adapt seamlessly across different devices, offering a smooth experience for users on desktops, tablets, and mobile phones.
